** The campus rating for Houston Middle School is under appeal with TEA. If Houston's rating is changed to "Recognized", DATE applications will be reviewed to determine Part 2 awardees at this campus.

METHOD USED TO DETERMINE CAMPUS QUALIFICATION FOR PART 1:

All campuses were evaluated against the Texas Education Agency (TEA) 2011 Campus Accountability Data Tables posted to the TEA public website. The DATE Cycle 1, Year 3 Part 1 criteria were based on the following formula applied to each TAKS subject area tested aggregated across all tested grade levels for All Students and Economically Disadvantaged Groups:

$$\begin{aligned} & \mathbf{2011\ Pct\ Met\ Standard \geq 2010\ Pct\ Met\ Standard + (90 - 2010\ Pct\ Met\ Standard)/3} \\ & \mathbf{OR} \\ & \mathbf{2011\ Pct\ Met\ Standard \geq 90} \end{aligned}$$

For elementary, the campus "team" had to meet or exceed this level of performance in three of the four TAKS subject areas tested. For secondary, the department "team" had to meet or exceed this level of performance in their specific TAKS subject area. At BCCPC, the above formula was applied to the TAKS Progress Measure across both grade levels and subject areas for the "team" of all core teachers. Elementary Development Center, RAC, Wheeler Elementary and Wheeler Secondary were not eligible for Part 1 awards.

METHOD USED TO DETERMINE CAMPUS QUALIFICATION FOR PART 2:

The DATE Cycle 1, Year 3 Part 2 criterion was a 2011 campus rating of Recognized or Exemplary. The Elementary Development Center, RAC, Wheeler Elementary, Wheeler Secondary and BCCPC would qualify for Part 2 if the District received a rating of Recognized or Exemplary. The early childhood schools (ECS) would qualify for Part 2 if any of the elementary schools in the ECS feeder pattern was rated Recognized or Exemplary. Once again, the source of this information was the 2011 Campus Accountability Data Tables.
