

**IRVING ISD  
POSITION SUPPORT STATEMENT ON INCLUSION**

“We believe that all children in Irving ISD can learn and have the right to a full continuum of services. Inclusion reflects the attitude that all children are valued and accepted within the school community. Inclusion is meeting the needs of each child appropriately within the least restrictive environment, and it manifests itself in an integrated, unified effort where collaboration between parents, school and community is consistently practiced.”

**Adopted by the Irving Board of Education  
On August 15, 1994**
