

MATERIALS AND EQUIPMENT MIDDLE SCHOOL ART

Funding for middle school art comes from two sources. Each principal allocates funds, and the District distributes additional funds to each school through the Fine Arts Office. Teachers may access these funds through the school's secretary.

The Irving Independent School District Warehouse carries an excellent selection of materials. A catalogue listing materials is available in each school office. Teachers are encouraged to order materials from the Warehouse, as savings are substantial. However, should materials not be available in the Warehouse, teachers may order from outside sources.

The District negotiates agreements regarding discounted prices and free shipping with many suppliers. For information regarding ordering and taking advantage of these benefits, please call the Fine Arts Office before placing orders costing \$100.00 or more.

ORDERING CLAY

Clay is to be ordered in 50 pound increments of one color. Recommended clays are Terra Cotta and Cone 10 White Stoneware. Please call the Fine Arts Office for information regarding ordering and delivery of clay.
