NOTES ON EXTRA DUTY DAYS AND MONETARY SUPPLEMENTS:

Teachers are compensated with extra duty days when the activity requires them to be on duty during days other than the normal 187 days of the teacher contract period. The daily rate of the individual teacher is taken from the Teacher Salary Schedule as approved by the Board of Trustees and is multiplied by the number of extra duty days to determine the monetary equivalent. Payment is made as part of the teacher's annual salary.

Monetary supplements are paid for extra time given on days that are part of the 187 days of the teacher contract. Payment is made as part of the teacher's annual salary.

Paraprofessionals who are assigned athletic responsibilities and paid a stipend listed on this schedule must be compensated at a rate equal to, or greater than, their overtime rate for any work performed beyond the 40 hour work week. Supervisors should determine how many hours a paraprofessional may perform athletic duties by dividing the stipend amount by their specific overtime rate. Campuses are not authorized to allow a paraprofessional to earn more money than the stipend rate posted.

Multiple Coaching Assignments: Coaches who have two or more coaching assignments allotting extra duty days receive the sum of additional duty days, but not to exceed 16 days. Coaches receive only the higher or highest of the monetary supplements.

Head Coaches: To ensure that Head Coaches are appropriately compensated for their extra responsibilities, they are given the better of two options for their monetary supplement. They will receive the listed monetary supplement or the monetary supplement of their other sport + \$1,200, whichever is greater. They also receive the sum of days for each sport without exceeding 18 days.

Example: A Head Soccer Coach who also is a freshman football coach
